WORLD CLASS  
DESIGN

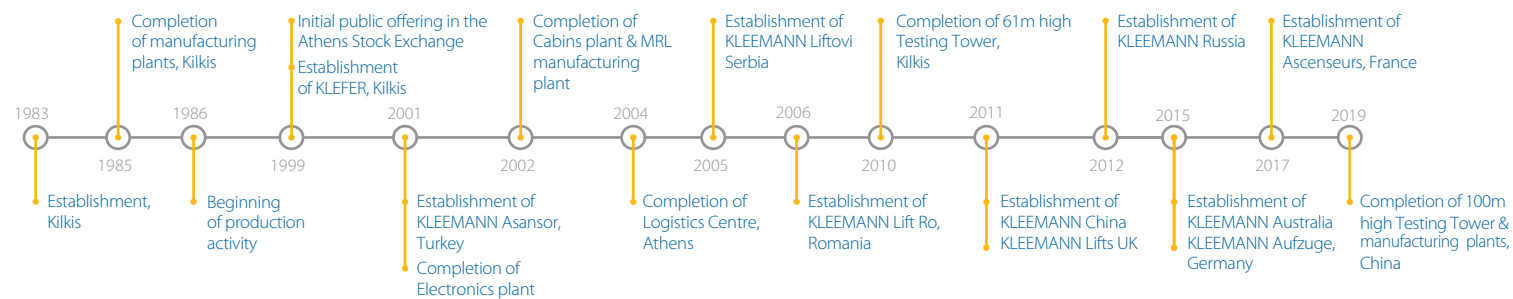

RECORD FAST  
DELIVERY FOR  
STANDARD  
PRODUCTS

We **develop** by staying true to our history and values every day

We believe in growing by reaching new markets and constantly acquiring knowledge and experiences.

## Our story and heritage

Founded in 1983 in Kilis, Greece, KLEEMANN is one of the major lift companies in the European and global market, providing any types of residential or commercial passenger and freight lifts, escalators, moving walks, accessibility and marine solutions, parking systems and components.

Its distribution network expands to more than 100 countries.

KLEEMANN stands for innovation in design and technology, for flexibility and pragmatic thinking, for quality products and dedicated service and support.

Integrated manufacturing facilities, highly trained workforce and state-of-the-art IT systems and logistics support enable KLEEMANN to deliver reliable, highly personalised solutions, whatever the challenge.

### DID YOU KNOW THAT

Back in 1983, KLEEMANN signed a contract for transfer of "Know-How" from the German company KLEEMANN HUBTECHNIK GmbH

To **expand** means  
to continuously learn  
and adapt

#### JOINING A GLOBAL MARKET

Being a global manufacturer and having built a strong brand name in the sector, KLEEMANN retains a respected position among the market leaders and distributes all over the world, serving the construction sector from major industry to commercial buildings and private properties.

#### THE POWER OF BEING EXTROVERT

It is a matter of who you originally are. KLEEMANN turns every opportunity into a learning experience and it is this inherent trait that brings the company to its growth. Continuously alert and attentive to each market's trends, KLEEMANN innovates, grows, develops and improves to stay in tune with its global character.

#### DID YOU KNOW THAT

The Group's distinctions include the Greek Exports Awards, Growth Awards, Most Admired Companies in Greece and True Leaders

In 2017/18 it has also been voted as a National Champion in the European Business Awards, in the category Import & Export award

To expand  
and transform  
is in our DNA

**DID YOU KNOW THAT**

We expand in more than

**100**

countries around  
the world

KLEEMANN Group facilities  
cover an area of 260.000 m<sup>2</sup>  
in land and 180.000 m<sup>2</sup>  
in buildings globally

Consider us  
your one single  
source

We **foresee** your needs  
and respond with the best  
product range in the world

Paying close attention to what you  
want for each one of your projects,  
we react swiftly and responsibly.

KLEEMANN is a world partner for all types of passenger  
and freight lifts, with rated loads up to 30 tons and speeds  
up to 7m/sec, for escalators and moving walks,  
marine solutions, parking systems, firefighting lifts,  
earthquake resistant lifts, green lifts and accessibility  
products.

From major-scale public ventures with high-specification  
objectives and short turnarounds, to cost-effective,  
compact and hard-wearing business solutions  
or affordable private residence projects, KLEEMANN  
develops ideal, safe and reliable products.

KLEEMANN offers complete traction and hydraulic  
lift systems, both with and without machine room, from  
initial design through to development and production.

Each lift is being rigorously tested to ensure  
ease of use and continued reliability.

# We **innovate** to bring solutions

## Some of our special projects around the world.

Enjoying a favorable worldwide reputation for expertise in special projects, KLEEMANN offers pre-engineered or fully-customised elevators, to perfectly fit in each and every project.

KLEEMANN responds reliably, quickly, precisely, and cost effectively to any specifications, as a result of an acquired experience on demanding projects. From a luxurious world-class hotel to a typical family residence, from a public building to a sports venue or from a local school to a complex hospital building, KLEEMANN brings the right solution.

A highly demanding project with requirements for corrosion resistance in the marine environment.

Four goods-passenger lifts of 10 tons.

Application of special anti-corrosive paint in accordance with ISO 12944-6.

Traction MRL lift  
2000kg panoramic cabin,  
custom-made as part of the  
tour. Specially crafted  
one-piece 2,7m glass.

Stage platform  
5,6 X 7,7m  
3 stops 6m travel

## Case Study Kremlin Palace of Congresses

**A lift for the central stage**  
A custom-made hydraulic freight lift, designed to move theatre props for a load of 17 tons.  
3,6m width \* 8m depth \* 4,7m height.

**The solution**  
KLEEMANN undertook this special project for Moscow's biggest and most prestigious concert hall knowing that there were some serious challenges the team would face.

This 28,8 m² freight lift had to be designed, manufactured, transferred and installed within 7 weeks. KLEEMANN was the only manufacturer that could offer this solution overcoming the combination of technical complexity and specified time restrictions.

We **bond** with you  
to achieve more together

KLEEMANN takes pride in the stable  
and long-term relationships  
with its customers.

Having developed a corporate culture that remains intact all around the world, the company focuses on building strong bonds, with the customer. KLEEMANN remains in constant touch with each and every one of its customers to continuously improve and provide effective lift solutions, ease of communication and personalised services.

#### DID YOU KNOW THAT

KLEEMANN has formed an internal network of Customer Experience Ambassadors to support the efforts of reaching new levels of service excellence

We create  
solutions  
just for you

#### DID YOU KNOW THAT

84%  
Customer Satisfaction  
Score

We **provide** record fast delivery

We are fast enough to meet your expectations.

Dealing with the building sector, KLEEMANN has been increasingly recognising the need for efficient and timely completion of any project.

In order to eliminate cost and time overruns, the company has been investing in a series of systems and has applied a lean production scheme.

## Optimised procedures

KLEEMANN has become one of the fastest suppliers in the industry by establishing facilities on strategic positions around the world, localising its products and optimising its forecasting and supplies management systems.

### DID YOU KNOW THAT

KLEEMANN is applying the 5S methodology in its manufacturing plants, aiming to facilitate the workflow and improve productivity and efficiency

We **support** you 24/7  
wherever you are

To actively stand by our people, our customers and our collaborators, is our passion.

KLEEMANN presents dedicated service teams that offer additional support and guidance at every stage. Being there to help the customers, the company provide detailed technical manuals and illustrations, and collates information to give a full theoretical and technical understanding of the chosen system.

Customised technical training programs are organised each month for the customers, offering theoretical and practical knowledge thus ensuring high quality standards are delivered.

DID YOU KNOW THAT

200  
technicians are specially  
trained each year  
by KLEEMANN

Everything is possible  
with the right people  
to support you

We **control** every step of the production procedure

Our unique control system safeguards the quality of our products and keeps efficiency and innovation in high levels.

### 100% QUALITY CONTROL ON CRITICAL COMPONENTS

100% testing of electrical package at

**300**  
points

KLEEMANN is a trusted manufacturer of certified lift products, dedicated to providing reliable and quality services. Applying streamlined procedures, the company improves its operational efficiency and achieves optimum cost management and productivity.

The company has implemented the Quality Assurance System according to the European Lifts Directive 2014/33/EU, Annex XI (Module H1) for the design, manufacture, assembly, installation, inspection and testing of lifts.

**EN ISO 9001:2015**  
QUALITY MANAGEMENT SYSTEM

**OHSAS 18001:2007**  
OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM

**EN ISO 14001:2015**  
ENVIRONMENTAL MANAGEMENT SYSTEM

**EN ISO 14006:2011**  
ECO DESIGN ISO

**EN ISO 10002:2004**  
Quality management - Customer Satisfaction

### DID YOU KNOW THAT

KLEEMANN tests **100%** of the power units produced on a unique stimulator that measures pressure, speed and noise

### DID YOU KNOW THAT

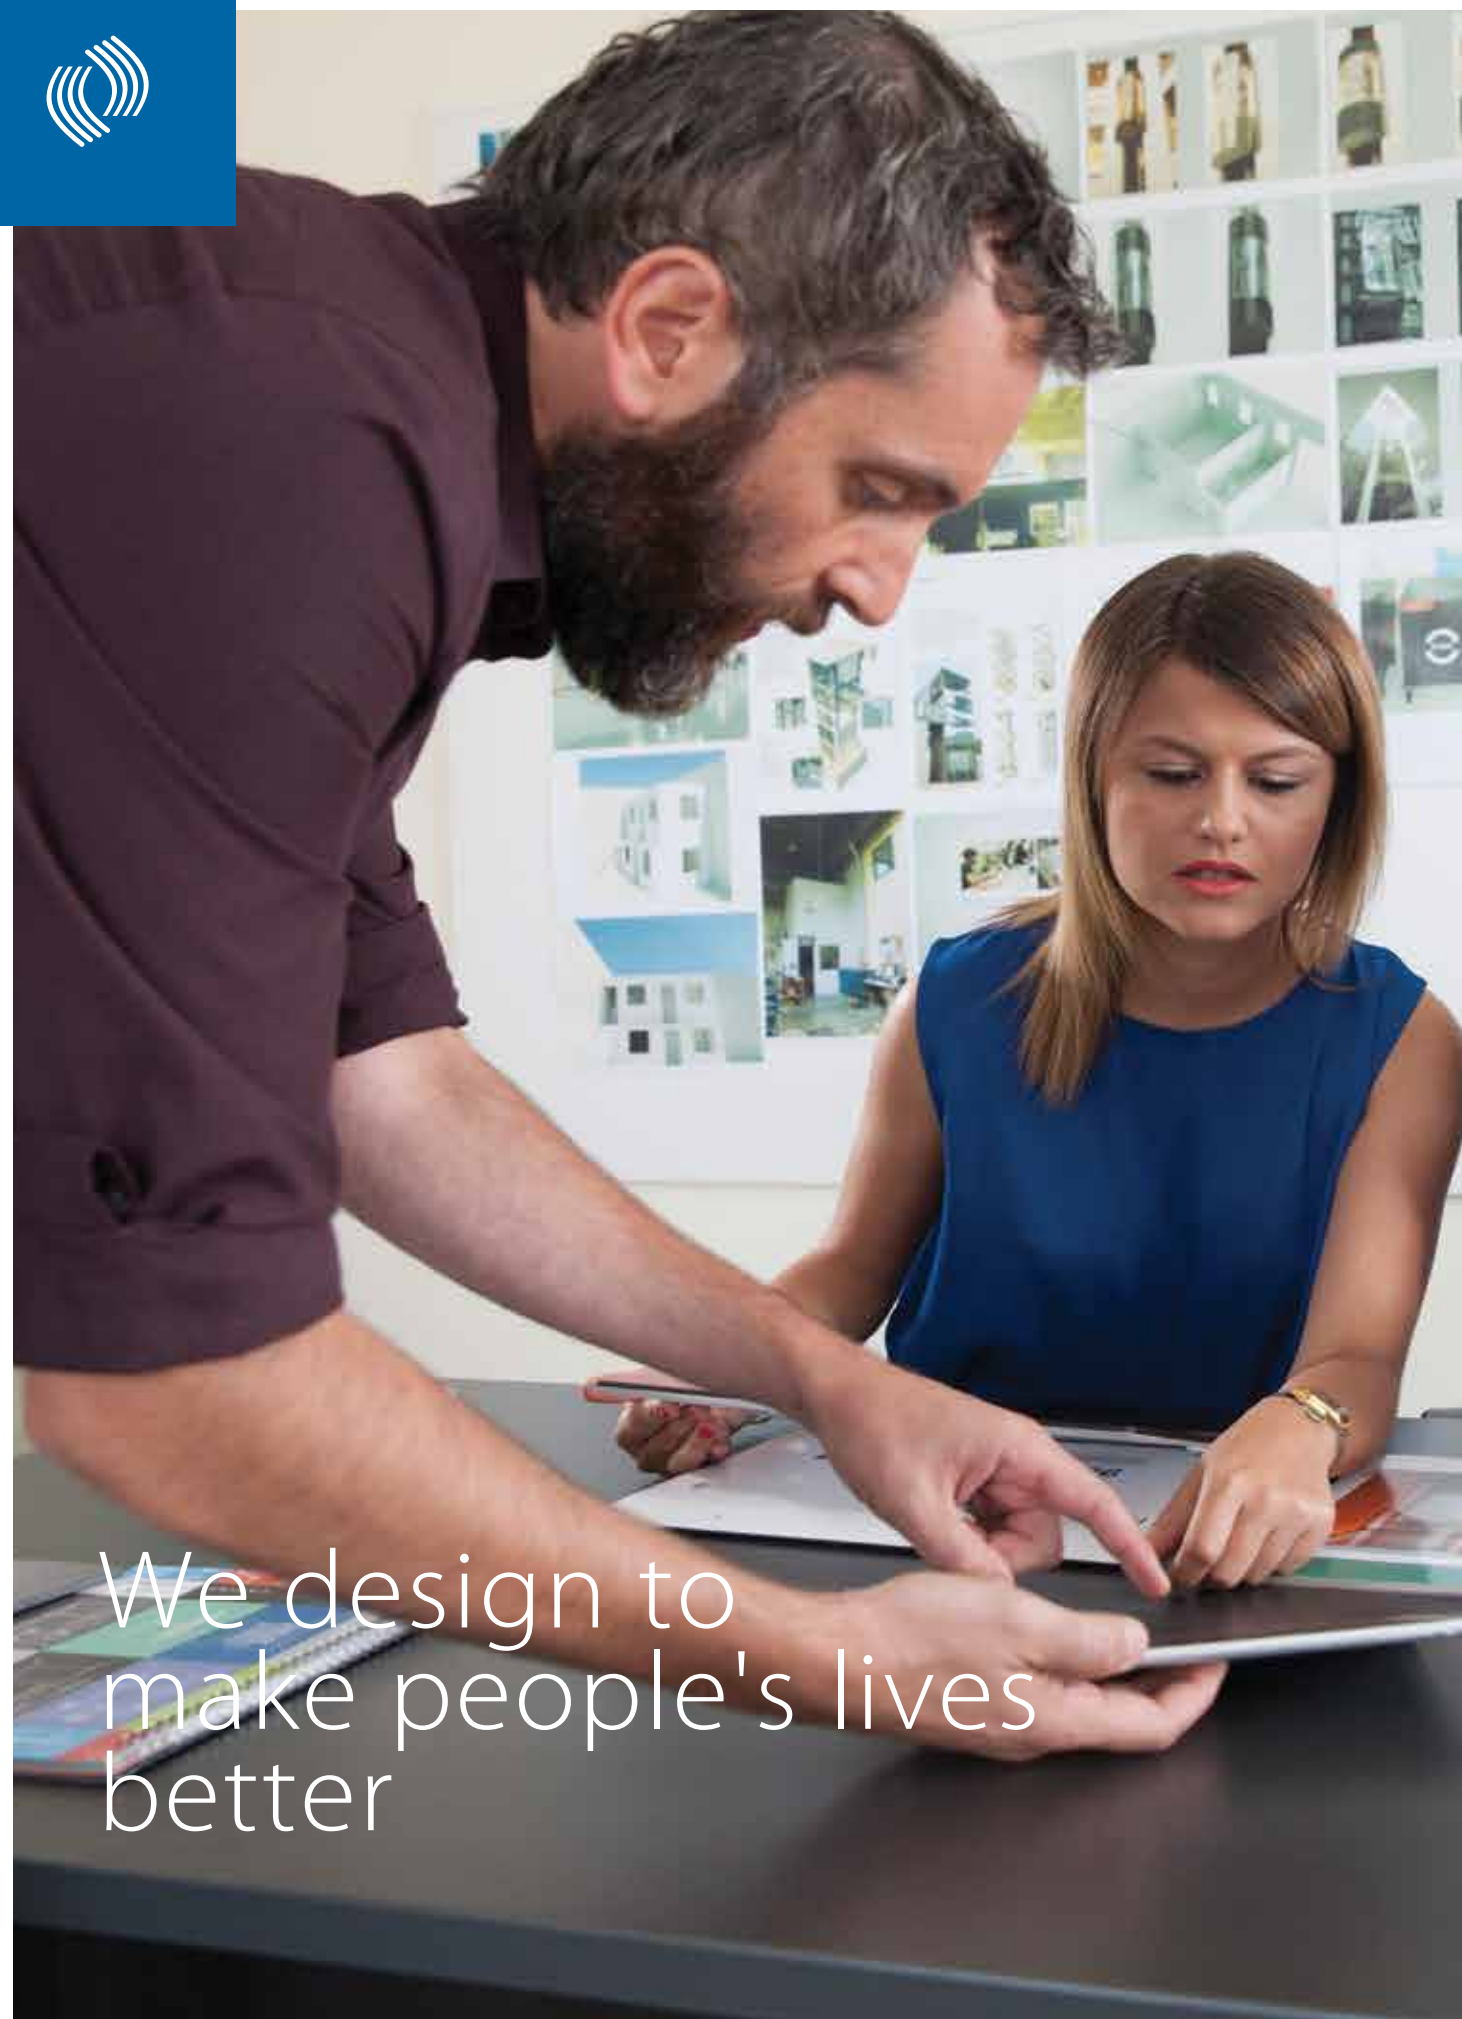

Quality control is applied on every cabin at

**180**  
points

We strictly adhere to our quality system

We design to  
make people's lives  
better

We have a passion to **design** products that combine class and functionality

We design products and experiences, investing in original design and out of the box thinking.

KLEEMANN Design is about life. Going far beyond the elevator design, KLEEMANN cultivates a whole design culture that elevates each and every aspect of its operation. It is a way of thinking, a mindset of innovation.

Rather than thinking of the elevator as a box, KLEEMANN Design thinks of it as a unique space in the building and transforms the whole elevator experience into a new value for the people, the building, the environment.

Since 2007, KLEEMANN has launched its creative research, in cooperation with the industrial designer Andreas Zapatinas. That was the beginning of a new era. Through this rewarding partnership, new technical and aesthetic solutions have been explored and developed.

Inspired by human needs, KLEEMANN focuses on shaping new space qualities that lift the passenger's mood and stimulate interaction inside the elevator.

#### DID YOU KNOW THAT

KLEEMANN Design has transformed cabins and doors by introducing the first curved-line elevator series with vibrant colours, hidden lighting and exceptional atmosphere

CASE STUDY  
CHILL BOX / KINGDOM  
OF SAUDI ARABIA ▶

#### DID YOU KNOW THAT

We **grow** and excel because we place people at the heart of our corporate culture

We bond, we share and we create together.

At KLEEMANN, we take pride in a unique workplace, promoting professionalism alongside a fun, teamwork-oriented spirit. We cultivate a culture of trust and respect in which people enjoy working together.

KLEEMANN is committed to acknowledging and valuing diversity, creativity and innovation. We share our passion for people, our most valuable asset. Through our commitment to safety, we develop procedures that create secure and healthy conditions for our workforce.

We foster an environment that encourages all employees to contribute, grow, innovate and achieve breakthrough results. We nurture a team that aims for the best - for quality products, superior services and relations, and for a valuable connection with the society and the marketplace. That's why we have been awarded as one of the best workplaces in Greece.

## Coaching

### BREAKTHROUGH THINKING

KLEEMANN has designed and implemented an integrated Training and Development Policy.

Based on each one's unique talents and needs, the personal coaching process gives the employee the opportunity to exceed himself towards goals achievement, not just on a professional but on a personal level as well.

#### DID YOU KNOW THAT

KLEEMANN has been twice awarded the Great Place to Work in Greece (2012 & 2015), the HR excellence award (2016) and the Gold, Silver and Bronze Health & Safety award (2019)

#### DID YOU KNOW THAT

95%

of KLEEMANN employees are being trained and coached on a yearly basis

We truly **respect**  
the world that we live in

We honour people's contribution,  
effort, ideas, aspirations, we respect  
our earth and the environment  
we live in.

KLEEMANN was the first to be certified with the environmental  
Management System ISO 14001:2004, in Greece.

This environmental Management System (ECO Design) defines  
the process integrated within the design and development  
that aims to reduce environmental impacts and continually  
to improve the environmental performance of the products,  
throughout their life cycle from raw material extraction to  
end of life.

#### DID YOU KNOW THAT

KLEEMANN manages  
its waste
